

Kind Words from a Red Head

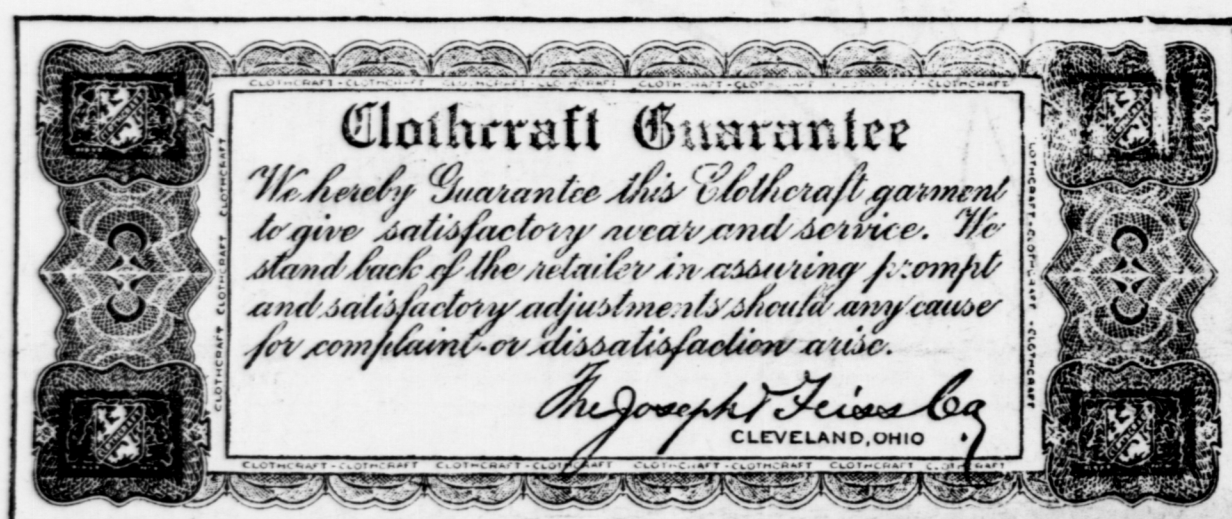

The other afternoon a short red-headed fellow came into the store and said,

"Do you remember me?"

I looked him over a second. "Nope," I said, "don't believe I do."

"Well," he said, "about two years ago I dropped in here just as you were closing up and bought a suit for \$22.50. A week or so later I fished what I thought was a dollar bill out of the pocket. Looking at it, I found it was a Clothcraft Guarantee."

"You know I kept that thing until a couple of days ago. Then I threw it away. I figured that any suit that lasted me that long, didn't need a guarantee."

W. M. Graves, of the White Oak section, was in town Tuesday.—Mrs. E. B. Owens and children, are visiting relatives at Whitesburg.—We learned to day that a son of Jeff Madden of near Pine Hill, was killed in Winchester, particulars not learned. Mr. Madden was here between trains en route there, but as he had only a message we were unable to learn much about the young man's death.

W. M. (Mart) Hicks says he intends to canvass the State again in his matrimonial contest. He says he has purchased an auto in which he will tour the county. Mart says he has solved the problem by the purchase of the auto. Born to the wife of W. N. Riggs latter part of last week a fine girl.—Thomas Farley has returned from Louisville.—Pres. Wilson landed in the U. S. Wednesday. Now watch Congress dance to the music.—L. M. Oliver, who has been living in Paris for some time, is moving his family back here. We have said on various occasions when a person lives a while in Livingston it matters not where he goes, he will one day return. We imagine the same applies to Mt. Vernon and Brodhead. What says ye scribes?—Mr. and Mrs. N. H. Oliver and son, Osher, have returned from a few days visit with relatives at Farriston, Ky.—Abe Evans, of Brush Creek, was here between trains Tuesday.—Dr. W. T. Amyx has purchased a residence

of J. P. E. Drummond on Main street, and a residence and store room which includes all the property where the post office is located. He purchased this property from J. P. E. Drummond, J. N. We understand she will be our assistant postmistress.—Well, the primary election is drawing near and we see a great many darts heralded at the leading candidate in the governor's race, Gov. James D. them dollars to doughnuts that James D. Black gets the nomination. If all places are like Livingston he will get the entire democratic vote. If any one thinks different let him get out and look over the grounds and then he will see whereof we speak.—J. W. Baker, of Mt. Vernon was here between trains Tuesday.—Mrs. G. M. Ballard, of Mt. Private Egbert Singleton's Charges Against Y.M.C.A. Investigated

Coblentz, Germany.
June 12th, 1919.

Editor, Mt. Vernon Signal,
Mt. Vernon, Kentucky.
Dear Edgar:—

A short time ago I received a copy of the Mt. Vernon Signal dated sometime the first of April. In it was published a letter from Egbert Singleton, Battery A. 12th Field Artillery, written from Rheinbrohl, Germany, in which he used this language "The Y. M. C. A. has been entertaining the Army of Occupation with a little show and they thought they were doing us a favor and that was too good for us, so now they are charging us 5 marks for the first show and three marks for the third show. So you imagine how they love the fighting troops."

I knew if he had been charged it was a mistake on the part of somebody and ought to be corrected, and if he had not been charged that it was unfair to the Y. and the people backing it to allow the charge to go unchallenged. The military authorities are always ready to make investigations of grievances which the soldiers have against any of the Welfare organizations, so our headquarters ask that this be investigated and I am enclosing you the results of the investigation,

which includes a copy of the inquiry sent to Singleton's Company Commander, Singleton's statement in reply and a letter from Col. Von Holtzendorf, commanding the 12th F. A., requesting that Singleton's statement be published in the papers in which the original letter appeared. I have seen the originals of these statements, which are being kept on file by the Y. M. C. A., and think it only fair that the whole investigation should be published, with this letter of explanation. I have never known of the Y. M. C. A. in the A. E. F., charging one cent for entertainment and do not believe they have done so.

Any soldiers having a complaint against any of the Welfare organizations, can have their grievance investigated by simply putting in writing and filing it with the military authority, or with the War Department and when the people back home hear such statements as Singleton made or any other, it is a mighty good proposition to ask them why they have not done so and request them to do so at once. As you know C. B. Anderson and I are the only Y. M. C. A. men from our county in the foreign service. I am willing to accept any just criticism,

but will not tolerate any such unwarranted misstatement of facts. I know you will be glad to give this the same publicity as the original letter.

I am getting along nicely and am coming home when the Germans sign this peace treaty, which I hope will be before you receive this letter.

Your friend,
E. R. GENTRY.

Subject: The Y. M. C. A. has been entertaining and three marks for third show.

1. At the time of making this statement about the Y. M. C. A. charging admission to shows in Rheinbrohl, Germany, I was a prisoner in the Guard House at Rheinbrohl, Germany.

2. While in the Guard House I was told that the Y. M. C. A. was going to charge admission to their shows.

3. I was writing to my mother at the time and I made this statement in my letter before I had known that it was not true.

4. Since that time I have found that it was only a rumor and I have neglected to write home and correct my statement.

5. The Y. M. C. A. has never charged admission for any show (Continued on last page.)

230 ACRES

Lincoln County Land at

AUCTION

Wednesday, July 16th
10 O'CLOCK

I will sell to the highest bidder the first class and highly productive farmland of S. B. Sanders and W. S. Carrier, on the Rush Branch pike, near Hubble, 5 miles from Stanford, 6 miles from Lancaster, 7 miles from Danville.

The best location ever. Accessible to three markets. Farmers in this neighborhood always get a better price for stock and farm products by reason of the competition of buyers from three county seats. Make inquiry of these farmers and you will find this is true.

The land is very fertile, level and rolling, long frontage on pike. Will be subdivided and "SOLD" in several tracts from 25 to 100 acres in each tract. Look it over before day of sale and we will "bunch" two or more tracts if you want to buy it that way.

Main dwelling, 5 rooms, porches, etc., one 3 room tenant house, one 5 room tenant house, 2 stock barns, 3 new tobacco barns.

35 acres in corn,	20 acres in tobacco,
40 acres in wheat stubble,	10 acres rye and grass,
20 acres orchard grass and clover,	110 acres Blue Grass.

Everlasting Water.

See this farm before you buy. In the BEST neighborhood in Kentucky. Close to school and churches. Most centrally located. Sale made to dissolve partnership.

What is the use of further description? "My goods are on the counter". Look them over. Attend this sale and get one of the bargains in land. This will be a money maker for some one.

Possession January 1, 1920.

We are authorized to announce
W. T. SEORT

as a candidate for State Senator in the
17th Senatorial District, subject to the
action of the Republican party at its
primary election on August 2, 1919.

ANNOUNCEMENTS

We are authorized to announce
R. L. McFERRON

as a candidate for Representative from
the Eighty First Legislative district,
composed of Rockcastle and Laurel
Counties, subject to the action of the
Republican party at its primary election
on August 2, 1919.

JUDGE John D. Carroll is the
present learned Chief Justice of
the Court of Appeals. He is a
candidate also for the Democratic
nomination for Governor. That
he is thoroughly honest no one
can deny; that he would make
us a good Governor we will ad-
mit. But is he the more ideal
candidate for the Democrats to
nominate?

Great judges have never been
successful candidates or made
wise executives. There was
Judge Alton B. Parker, snatched
from the Supreme Court of the
State of New York and nomi-
nated by the Democrats for Presi-
dent but Roosevelt beat him to
a frazzle. William Howard Taft,
the great Federal Judge, ran
last in the race for the Presidency
against Theodore Roosevelt and
Woodrow Wilson. Then came
Charles Evans Hughes, nomi-
nated for President while a mem-
ber of the Supreme Court of the
United States. He resigned the
day of his nomination and im-
mediately began his campaign
for the Presidency only to end
in defeat. Judge Ed O'Rear, of
our own beloved Commonwealth,
was nominated for Governor
while a Judge of the Court of
Appeals. He ran, yes he ran,
only to lose the Governorship.

It was announced some time
ago that Eli Brown was to man-
age the campaign for Judge
Carroll. Eli Brown has even
paid some of the bills for Judge
Carroll in his race for the Demo-
cratic nomination. The people of
Kentucky will have no more of
Eli Brown and to our way of
thinking, the very fact that Judge
Carroll permits Eli Brown to
manage his campaign, although
run in the name of M. M. Logan,
should be a very strong argu-
ment against his nomination.
Think it over, brother Democrats
and see if we are not right.

DR. J. W. P. BROUSE, of Som-
erset, is a candidate for the Dem-
ocratic nomination for Auditor.
He is from the home town of the
Republican nominee for Governor.
He has made the Somerset High
School known throughout Ken-
tucky and his selection would
be a distinct compliment to the
teachers throughout the state.

It would not be wise to select
John W. Rawlings, because he
lives just nine miles from W. H.
Shanks, who will be nominated
for Lieutenant Governor. The
other candidate, Mr. Bosworth,
lives in the 7th Congressional
District. From this same Dis-
trict there are seven candidates
for seven different offices. It
looks like Newman, for Commis-
sioner of Agriculture, and
Steger, for Clerk of the Court
of Appeals, both of whom are
from the 7th District, will win,
and it would most certainly be
suicidal to nominate any more
from that one district.

With these conditions confront-
ing us and looking to a strong
ticket in November, it would be
wise to nominate Dr. Brouse for
Auditor. He is popular among
both Republicans and Democrats
at home and will be able to
arouse interest in the Democratic
ticket at the very hearthstone of
the Republican nominee for Gov-
ernor.

GOV. PIKE AT HOME.

Brodhead, Ky.

July 8, 1919.

Mr. Edgar Albright,
Editor Mt. Vernon Signal,
Mt. Vernon, Ky.

Dear Sir:—I appreciated what
you did for my father, in pub-
lishing in your paper a letter
that I sent him and mother some
months ago; while I was in France,
in which I said I was looking
forward with great anxiety and
longing for the day to come when
I could get back to the states,
and be permitted to reach my
much beloved old Kentucky
home. I would now like to see
through your columns, to my
relatives and friends who read
your paper, that my anxiety and
anticipation has at last been fully
met and realized, and while
many who had the same anxiety
that I had to get back to this
great country of ours, have not
been permitted to come. I thank
the good Lord that he has per-
mitted this lad to get back to
his old Brodhead home. I would
like to say to the many young-
bloods in this country, that have
not seen what I have seen, nor
felt what I have felt, that my
twelve months in France and
Germany has taught me how to
appreciate a good home, and to
have a good bed to sleep on and
a mother to cook something that
we can relish and enjoy. Oh!
that the young people of this
country could learn how to prize
fathers and mothers and homes,
and to know their worth without
having to learn it like many of
us boys have been forced to learn
it. I would not take ten thou-
sand dollars for what I have seen
and learned while in France,
Germany, Italy and England, but
uncle Sam has not got enough
money in his treasury, to make
me willing to take the same trip
and take the same risk, and go
through it all again. I belonged
to the 22nd Engineers, and while
we were not expected to do
much fighting, it was our duty
to run trains and keep the fight-
ing army supplied with food and
ammunition, and to bring up
fresh troops and exchange them
for wounded and wornout soldiers.
This was a hard and hazardous
task in the last battles when our
eleven crews of us R. R. men
were ordered to take a load of
soldiers to Essay, and then take
as many out of the trenches,
many of whom were lost in the
exchange. Just think of the
scene, a boy hve thousand miles
from home, in the midst of a
bloody conflict like the last bat-
tles that were fought and not a
man with you from your own
home that you ever knew, and
having no idea what the outcome
was going to be? How much
money would it take to hire you
to take the risk, and make the
sacrifice? And yet after all of
this sacrifice on the part of our
boys and nation we have here at
home so many men that does not
seem to appreciate what has been
accomplished for humanity and
democracy. I will close by say-
ing that I do hope that this coun-
try will rise up in its manhood
and patriotism and stand by
what has been bought at such a
great cost. And ratify the peace
treaty, and stand by our President
in what he has done for suffering
humanity. He has made a great
sacrifice and a noble fight for all
mankind. May God forbid that
politics or any thing else should
divide our people on this great
issue.

Respectfully,
JAMES B. PIKE.

President Wilson will go before
Congress with a plea for armed
intervention in Mexico, it is be-
lieved in Washington. The United
States will act for France and
Great Britain in restoring order
to protect lives and property of
foreigners so that these nations
will not bump against the Mon-
roe Doctrine, it is believed.
Should the United States send
an expedition into Mexico it will
be large enough to take over con-
trol of the courts and custom
houses until the country has been
put on a firm basis and the for-
eign interests protected. Secre-
tary Baker is silent on question.
Acting Secretary of State Polk
told American oil men they
would be protected by the United
States Government and hinted
that armed intervention may be
made soon.

PRESCRIBE EXERCISE FOR THE WOUNDED

PLAY-THERAPY IDEA IS BEING
TRIED OUT IN CAMPS OF
CENTRAL MILITARY
DEPARTMENT.

Chicago.—"I prescribe an hour of
volley ball for your stiff wrist this
morning," is being heard now in a
dozen of Uncle Sam's camps wherein
wounded soldiers are convalescing. Or,
it may be that the prescription is
something like this: "Boy, your knee
joints are pretty stiff and the hinges of
your hips don't work right. Suppose
you play arch ball for an hour today
and tomorrow and then prolong the
period of play a bit. This will do more
for you than anything else."

Dr. H. F. Kallenberg, chief of Y. M.
C. A. physical directors in the central
military department, with headquar-
ters in Chicago, is receiving word al-
most daily that the latest method of
treating wounded men in government
hospitals in such cases as demand ex-
ercise of joints, fingers, wrists, legs or
arms, is doing wonders for the sol-
diers. They not only are throwing off
their ailments but are taking on cheer-
fulness and a new interest in life, he
declares. The treatment is "new" in
that medical men examine each case
and prescribe certain games to fit the
needs of that case. No playing at
cannon requiring exercise of muscles or
joints is done save under the direct su-
pervision of a medical officer, Doctor
Kallenberg asserts.

Helping Government.
"Physical directors of the Y. M. C. A.
are helping the government in these
matters at this time," explained Doc-
tor Kallenberg. "I understand the ap-
plication of our theory that the playing
of certain games mend certain ail-
ments is being demonstrated with suc-
cess at various camps in the plain re-
construction of the physical man. We
do not under-rate massage, hydro-
therapy, electrotherapy or manual
therapy, but we are finding that spec-
ified exercise in play works wonders in
loosening joints and brings the man to
a normal state."

At the following camps the new
treatment of "play-therapy" is being
used successfully upon hundreds of
wounded soldiers, sailors and marines:
Taylor, Dodge, Great Lakes, Fort
Sheridan, Fort Des Moines, Fort Ben-
jamin Harrison, U. S. General hospital
No. 21, Denver, and plans are being
made now to establish the treatment
at Camp Funston, Sherman, Custer
and the big Ford hospital, Detroit. It
is reported that Major Kelley at Camp
Grant has set aside two large two-
story barracks for a gymnasium and
will ask the Y. M. C. A. for two men to
assist in directing wounded soldiers in
their games.

HONOR FIGHTING PARSON

Dr. John H. Clifford, Baptist minis-
ter in time of peace, but real fighter
in time of war, has been awarded the
croix de guerre for extraordinary hero-
ism in action.

Doctor Clifford, as a Y. M. C. A.
worker, braved the red wrath of war.
He has been in the firing zone as much
as the hardest infantryman and was
decorated for a most unusual exploit.
He was one of three men who braved
incessant enemy shell fire while res-

of marines. The trio carried the col-

Doctor Clifford went over the top

on several occasions. He is fifty-one
years old.

Praises "Y" Work.

Unqualified praise by Consul Gen-
eral Harris in Siberia for the service
rendered not only to the American ex-
peditionary troops, but also to the
Czechs and to Russian prisoners by
the American Y. M. C. A. secretaries,
is contained in an official communica-
tion transmitted to the state depart-
ment at Washington by Paul S.
Reinsch, American minister to China.

Great Athletic Program.
Through the Y. M. C. A. the United
States plans to introduce a project for
the development of American athletics
in the allied countries. America's
greatest athletic leaders are being fit-
ted to direct the movement from the
headquarters to be established in
Paris.

V. O. Gilbert, the Superintendent
of Public Instruction of Ken-
tucky, has agreed to talk at the
Farmers' Community Meeting on
"Making Better Schools". Prof.
Gilbert knows the rural school
and its many troubles. He
taught school in the country and
later he taught in the Western
State Normal School, so he can
talk with authority on the sub-
ject.

Prof. Gilbert has promised the
committee that unless something
absolutely unusual occurs, he
will be in these meetings during
the whole week of the 14th. Every
citizen, who believes in giving
the children a real education and
a fair chance in life, should be
present and hear Prof. Gilbert.

McVEY TO SPEAK.

Dr. Frank McVey, President
of the University of Kentucky,
has announced that he will speak
on "Organizing the Community"
at the Farmers' Community
Meeting at Mt. Vernon during
the week of July 14th next. Dr.
McVey is widely known all over
the United States as an educator
and a writer of books on busi-
ness and finance. He will be un-
able to fill many dates during the
summer so Rockcastle County is
very fortunate indeed to have
him as one of the speakers.

Business men, farmers and
professional men should by all
means make a great effort to
hear Dr. McVey talk on the im-
portance of getting together to
change a neighborhood into a
community with a spirit to do
the things which count in
life.

660 ACRES GOOD LIMESTONE LAND

AND

All Farming Implements and Live Stock
OF

The J. W. SPARKS CO.
AT PUBLIC AUCTION

ON THE
PREMISES

THURSDAY, JULY 24th, 1919 AT 10:30 A.M.
SHARP

As agents of the W. J. Sparks Co, of Mount Vernon, Kentucky, we will sell for the High Dollar without reserve or by-bid their 660 acres of fine limestone land which has been subdivided into tracts from 15 acres on up to suit purchaser, also all their farming tools and live stock. This Company has decided to quit farming and this will be an Absolute Sale and some one will reap the harvest.

This property is located 2 miles East of Mt. Vernon, Ky., on the Dixie Highway and also lies on the L. & N. Railroad, a station being right on the place. The improvements consist of 23 houses, one of which is two story of six rooms, halls, porches, metal roof, etc. An extra large Barn, two-story, 50x72 concrete basement and several concrete troughs right in barn, piped from a splendid spring, any number of stalls and places to feed cattle, the second story is 31 feet from floor to roof, several smaller barns. Large concrete Silo 45x16. This large Barn and Silo could not be put up to day for \$4,000.00 to say nothing of all the other buildings.

About 500 acres of this land cleared and in grass. There is about 50 acres in bottoms as good land as you can find anywhere. Several acres in Alfalfa. About 200 acres of this Farm will raise good Tobacco. This Farm is well fenced and no better watered farm anywhere. Any number of as fine springs as ever came out of the earth and 7 or 8 good wells. This is an ideal Stock Farm and splendidly located. If this won't make you money, no place will. It is one of those Golden Opportunities in life to make a splendid investment and get big returns. The increased values in land like this will be much greater in the next few years than in any other lands on the market and a little arithmetic will show you that the dividends are much greater on the amount invested than you can possibly make on high priced land. This land is not selling for anything like its real worth. Don't have it said of you in the next few years when it has tripled and quadrupled in value. "If I had only known and bought some of that Sparks' land see what I would be worth to-day." Your population is increasing all the time, the earth is not stretching one bit and people have got to have homes. This Land is bound to increase in value. This is the land you ought to have at the price you ought to pay. The only difference between the rich and the poor is but one of investment. One judicious investment is equal to a lifetime of toil. This Farm is so subdivided that the man of small means will have the same chance as the man of larger means. When you buy one of these Farms you are not prospecting with your money. It is a safe investment with large dividends guaranteed. "On the great clock of time there is but one word—NOW." Nuff sed. Attend this sale and ACT.

THE FARMING IMPLEMENTS CONSIST OF One 1918 McCormack Binder; one 1917 Deering Corn Husker and Shredder; one 12 Disc Harrow; one 1917 Superior 10 Disc Wheat Drill; one 20 Disc Seed Sower; one Blizzard Ensilage Cutter; one 5 ft. Deering Mower; one Walter A Wood Manure Spreader; one Osborn Hay Rake, Grass Seeder, Lime Spreader, etc.

The Live Stock consists of 10 Yearling Steers; four 2-yr-old Steers; two nice Heifers (Springers); 19 yearling Heifers; nine 2-yr-old Heifers; two Cows with 3 Calves; one registered 15-months-old Bates Breed Short Horn Bull; two 2-yr-old Mules; three yearling Mules; 3 or 4 Teams of extra good Work Mules; 25 150-lb. STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

Constipation. You thought at first it did not amount to much. You regarded it as just a "trifle"—paid no attention to it. But one day you woke up to the fact that the "trifle" had become "serious."

Perhaps you had a nervous breakdown, or narrowly escaped one. Or the doctors found High Blood Pressure, maybe Hardening of the Arteries (Arterio Sclerosis). Quite likely, Rheumatic attacks. Whatever it was, more than likely, the one cause back of it all was Constipation.

Constipation is a Serious Trifle. Because it is so easy to neglect it, and the consequences are so serious.

Devonia, the American Medicinal Mineral Water, is "first aid" to bringing the bowels back to natural action.

It is not habit-forming. The bowels do not come to depend upon it, as they do with pills, castor oil, and the like. It loosens the retained food waste which has poisoned your system and removes it gently but thoroughly from the bowels. It gives a healthful stimulus to affected organs and assists them to perform their natural functions. In these ways, it restores health and prolongs life.

Devonia comes to you just as Mother Nature made it in her wonderful laboratory a thousand feet under ground. It is not condensed, added to, or changed in any way.

So potent are its virtues that a tablespoonful in a glass of water is usually a sufficient amount to take at one time.

One reason why Devonia is approved by physicians is that it is not a drastic cathartic.

It is to be had at almost every drug store.

SUGGESTION: You who are suffering from Constipation, even in a chronic form, should drink Devonia. If you want to know more about it, and why Constipation is so serious, send for our booklet "Serious Trifles." It tells you what physicians say about Constipation and its serious consequences. It is free.

Rockcastle County is a law abiding county. Its citizens are patriotic in all things. To uphold the law is a duty—The new Revenue law provides that the Tax payer shall come to the County seat and give his list between July 1st and October 1st—each year.

Don't be a slacker. Uphold the law. Any one failing to comply with this law, will be fined not exceeding fifty dollars. I am asking you to come in on an early date, before the weather gets bad and before I am crowded with work. My office will be opened from 8 a. m. until 5 p. m.

LOSS OF APPETITE.

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

SUMMER COMPLAINT QUICKLY RELIEVED

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and Diarrhoea and should be kept at hand by every family.

It means that NEW thing in a cigarette, that does for your smoke-hunger exactly what a drink of cold water does for your thirst!

To satisfy, a cigarette must do more than please the taste—it must "touch the smoke-spot."

That's what Chesterfields do. They let you know you are smoking—they SATISFY.

And here's why—Chesterfields have body. The finer, silkier leaves of TURKISH have been properly blended with several varieties of the best DOMESTIC tobaccos, famous for their full-bodied flavor.

SATISFY is something that no cigarette, except Chesterfields, can give you—regardless of price. Because no cigarette maker can copy the Chesterfield blend.

BOYS WILL SING.

Singing, especially when the singing is done by fresh, young voices, has a universal appeal. The young men who comprise the University of Kentucky Quartette are not professional singers. They are merely college boys full of snap, pep and the buoyancy of youth. They will sing songs that are old and those that are new. They will also sing numbers of their own college songs which are always dear to the boys in school.

Besides their work as a quartette, the boys will do some solo work. The leader will also strive to develop some strong singing by using the whole audience as a chorus with the quartette in singing patriotic songs. The

members of this organization should prove wonderfully attractive and give the audience just the right kind of relaxation after a great many talks.

FILMS TELL HOW

The motion pictures which will be used at the Farmers Community meetings at Mt. Vernon for three nights are very much out of the ordinary. They have been furnished by the U. S. Department of Roads, the American Red Cross and the State Board of Health to take the place of demonstrations.

In the Farmers Community Meetings held several years ago, it was necessary to use many demonstrators. Today, with the moving picture, it is possible to have perfect demonstrations of the finest character so that a whole audience may see the work done, quite easily. The camera man, who went to Warren County when strawberries were being picked and shipped, has produced a film which is a demonstration of efficiency in fruit growing and also another demonstration in cooperative meeting.

IS WIDELY KNOWN.

The American Red Cross has agreed to send Dr. S. E. Brewster, of Cleveland, to the Farmers Community Meeting to talk on the Red Cross Peace program which deals with the improving of health conditions in rural communities.

Dr. Brewster has been associated with the Red Cross for some months past, and is prepared to present the details of the Red Cross peace program in its complete form. He will explain the extensive public health program, the new plans for civilian relief work which include preparation for disaster relief and care of families of soldiers and sailors, and of rural relief work where no social agencies already exist, to better the conditions of the people.

Dr. Brewster has traveled widely on three continents before his affiliation with the Red Cross. An investigator of tropical fever conditions for John Hopkins University his years of dealings with people during his service in the ministry round out the wide experience of this vigorous Red man.

Livingston people always do the right thing and that fact has again been demonstrated through the Salvation Army drive which has just closed. Livingston was asked for \$150 and they came forward with \$173.95. N. H. Oliver was chairman of the drive in that town and deserves special mention for the interest manifested and the admirable way in which the campaign was handled and the successful finish.

Master Jack Crawford celebrated his fourteenth birthday last Friday, with a picnic for his friends at Sigmon's cave. The parents and a few friends joined the party, and in all there were more than fifty. Each family took a basket and believe us those baskets were well filled. It was a most pleasant outing and when the parting time came, we believe the grownups were as proud of the fact that Jack had had a birthday as were the younger set.

The Hottentots, is the title of the play presented at Graded school building Wednesday evening. They play was written by John Lair, a Rockcastle boy and presented by local talent. No play has ever been presented by home people has been more thoroughly enjoyed and appreciated than was the Hottentots. The author took the leading part who kept the crowd in laughter from start to finish. The chapel of the graded school was filled to its capacity and but few lost the opportunity to express, not only to Mr. Lair but to the other boys and girls, all of whom did well his or her part, their appreciation of the splendid efforts. The play will possibly be presented at other points before summer is over.

RULES GOVERNING CONTEST.

Every person who enters the contest must reside in Rockcastle County and outside of an incorporated town and be over twelve year of age. They must be on hand and receive a ticket at the tent where said meeting is to be held, not later than 3:00 p. m., on the above dates, and must be present at the drawing which will take place at the close of each afternoon session at 5:00 p. m.

If the one holding a ticket does not appear with same in five minutes after the number is drawn, another number will be drawn which will entitle the person holding the corresponding number drawn, last to the prize. No one person will be eligible to receive more than one prize during the meeting.

Every person qualified to enter this contest can receive at the door of the tent a ticket with a number on it corresponding to a number that will be placed in a box, and when the time arrives for drawing, the numbers in the box will be thoroughly stirred, and a person who has been blindfolded will pick one number from the box. When this number has been called by the judges, the person eligible to receive the prize presenting the ticket with the corresponding number will be entitled to the prize.

Teachers' Institute

The teachers of Rockcastle nearly one hundred strong have had full sway in Mt. Vernon this week. The 1919 session of the annual teachers institute has, in many particulars been one of the most interesting, instructive and inspiring meetings ever held in the county. Prof. Joe Ireland has been the instructor and search the state from end to end and we do not believe a better man for the place can be found. He is a real educator and knows the needs of the country teacher. One noticeable fact this year, is that there are but few men teachers. The large majority are young ladies. We have never had a more intelligent looking bunch of teachers assembled and we firmly believe that as a whole, Rockcastle has the best qualified lot of teachers we have ever had. Mrs. Alice Davis, Supt. has done her best to make the institute both pleasant and profitable, which fact the teachers well know and appreciate.

The Committee on Resolutions were as follows and reported the following resolutions which were adopted:

RESOLUTIONS:

We, the teachers of Rockcastle county beg to submit the following resolutions:

First: We wish to thank the people of Mt. Vernon for their hospitality during the week, especially Mr. and Mrs. L. Durham who permitted the teachers to use their lawn and porch for a reception, and Mrs. Davis and the Entertainment Committee who furnished such delightful refreshments, also we wish to thank the citizens who visited us and made inspiring talks.

Second: We wish to thank our worthy superintendent and excellent instructor for their services in promoting the work of the Institute.

Third: That the teachers of the county give their loyal support to the Agricultural Club.

Fourth: That we heartily endorse the County School Fair and believe that much good can be accomplished by all teachers participating therein; that we request the faculty of our County High School at Mt. Vernon, to take charge of this work and we as teachers hereby pledge ourselves to help.

Fifth: We pledge ourselves to continue to support the Council of Defense and to assist in raising the fund for the erection of a home for the destitute children of our State.

Sixth: We are heartily in favor of the Fiscal Court raising the tax for educational purposes to 25c on the \$100.

Seventh: Resolve that in future each teacher attend the full session of the Institute.

Eighth: That we thank our organist and secretary for their faithfulness during the week.

Ninth: 'Tis with grief we remember that one of our number, Miss Addie Belle Helton has passed from our midst since last we met. We hereby extend our sympathy to the bereaved family and friends.

Tenth: That a copy of these resolutions be sent to the Signal for publication, and that we thank the editor for his courteousness.

DOCTOR IS BIG

"Health for Sale" is a rather large topic, but Dr. A. T. McCormack is big enough to handle it with ease. Several years ago, when the Doctor talked to audiences in Farmers Community Meetings, he had a strong message; but, he has a bigger and stronger message today. He has been in the army; he has been in Panama; he has had a chance to do many different things and at the same time he has met many men. This extensive acquaintanceship and wide travel give him a new grip on the question of health in the whole community. He has also had an army experience which leaves a physician with a viewpoint of the prevention of sickness.

It is unnecessary to call attention to the fact that while the country boy has an abundance of fresh air, eggs, butter and

milk, he did not have the health he should have, when Uncle Sam needed him as a fighting man. The reader should be certain to hear what Dr. McCormack has to say concerning the greatest asset in life—good health.

Those entitled to enter the contest for the pig, to be given away at the State Development Meeting, Mt. Vernon, July 14, 15, and 16:

Any one over twelve years old living in Rockcastle county, and outside of an incorporated town who appears at the tent where this meeting is to be held, not later than 3 p. m. on either of the above days. The person is entitled to receive a ticket which will give him or her a chance to receive a prize that will be drawn for at 5 o'clock when the meeting will close. The pig will then and there be delivered to the one holding the lucky number. After the drawing for the pig on each day, there will be twelve additional numbers drawn out, which will entitle the holder of the corresponding number to a subscription to one of several newspapers which the editors have generously donated for this occasion.

CHATTANOOGA, TENNESSEE, July 4th, 1919.

Judge Cam Mullins, Mt. Vernon, Ky.

Dear Judge:—

Instead of being discouraged over the difficulties which we encountered in getting through Rockcastle, Laurel and Whitley counties, Kentucky, on our recent inspection tour, we feel that we have every reason to look forward to the completion of the highway and to the opening of the eastern division, between Cincinnati and Knoxville for through travel, within a year from date. With the continuance of the splendid spirit which your county has manifested in the past we have every confidence in your ability to overcome the obstacles which you have before you.

It is our desire to co-operate with you to the fullest extent and to that end we are going to ask that a strong committee be appointed in your county to take active charge of the Dixie Highway interests and to assist you in your efforts to open this important thoroughfare. Please either appoint this committee or have it done at the earliest possible moment so that we can communicate with them direct.

With cordial best wishes we beg to remain,

Very truly yours,

V. D. L. ROBINSON, Sec'y.
Judge Mullins has appointed the following committee whose duty it shall be to keep in touch with and look after the interest of the Dixie Highway through Rockcastle county. The following is the committee: Dr. R. G. Webb, Livingston, L. W. Be-thurum, E. S. Albright, J. C. Davis, W. H. Fish, Dr. M. Pennington, Mt. Vernon, and H. H. Wood, of Wildie.

URGES "BETTER BABIES"

America has not lost millions of babies as have the nations abroad. But, even America does not value her babies as she should. Better babies in America would mean stronger men and women. Nothing can be of greater importance to any community than the care of the children when they are small.

The Farmers' Community Meeting at Mt. Vernon is indeed fortunate in securing Dr. Frances Sage Bradley, one of the most noted women physicians in the world, to lecture on "Better Babies." Dr. Bradley is being sent to this meeting from the Children's Bureau at Washington.

It is interesting to note that Dr. Bradley has lately returned to America from France where she had been at work for the government during the war. With her knowledge of the condition of the children in France and other foreign countries, Dr. Bradley will be able to make a very strong plea for "Better Babies" in the United States.

SUMMER COMPLAINT IN CHILDREN.

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell, of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for purpose."

KIDNEYS WEAKENING?

LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease. Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haaslem Oil Capsules now. Take three or four every day until you are entirely free from pain.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haaslem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders. Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haaslem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1896 the government of the Netherlands granted a special charter authorizing its preparation and sale.
